

P263 Baby Legs

Baby legs my ass, those are grade-A, full-grown "woman" legs! And that's not all that's full-grown; that bra can barely contain those lipsmackingly ripe, fleshy orbs. In fact, about the only things baby-ish here are her twin ponytails, shy shoulder-lift, and the setting.

Speaking of which, ever notice how Mike doesn't fuss to make his sets too realistic? I think that's by design. There's no pretense to be too authentic. He's letting you know this is all play-acting. And smartly, that "fun-n'-games" attitude actually enhances the erotic appeal. She's willing to play the complete innocent.
